## How do you access StrikePlagiarism LTI?

Select the LMS that your institution uses to integrate with StrikePlagiarism to see the relevant guidance.

Canvas LMS

Brightspace

1. Register at the LTI form and:

## Registration

Username\*

Email address\*

First name\*

Last name\*

Phone Number\*

2. Enter your data.

ikePlagiarism.com

## Log in to the system

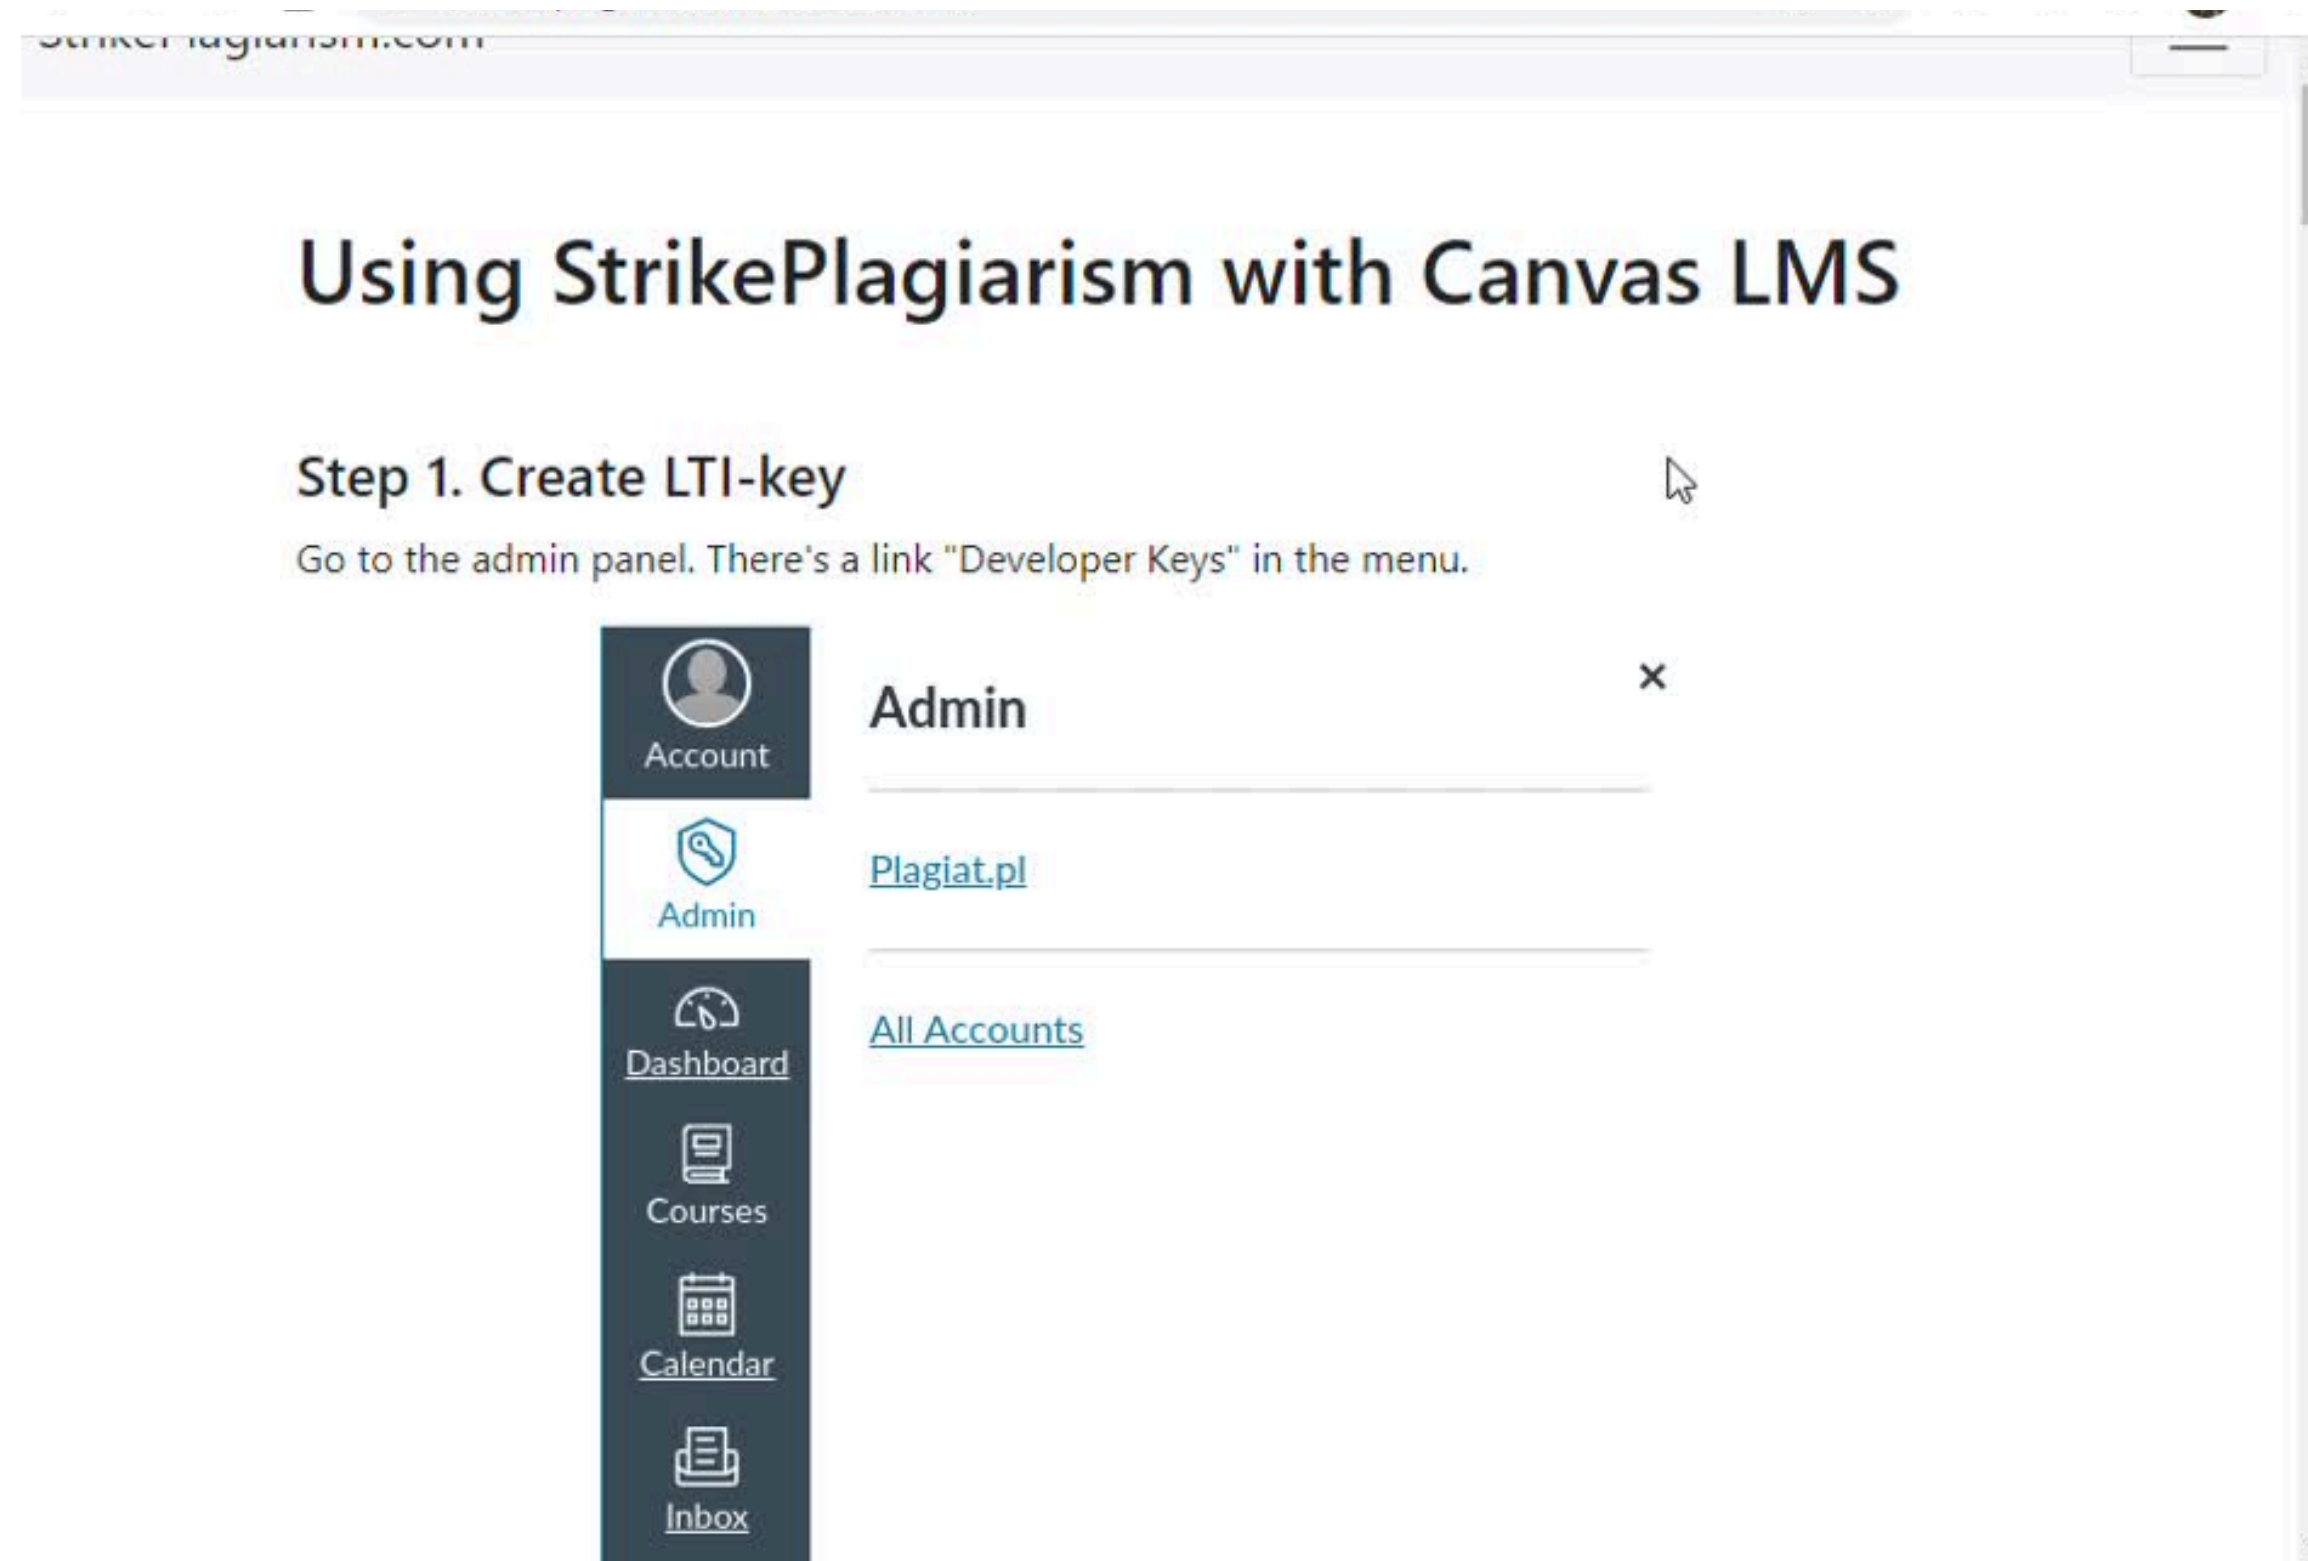

Login

Password

[Registration](#)

[Login](#)

After registration, enter the Canvas to get the deployment data. Once registration is over StrikePlagiarism.com will be available in “external tool” . On the next slides we show how to enable StrikePlagiarism.com in Framework, Quizzes and Discussions.

**How to enable Plagiarism Framework?**

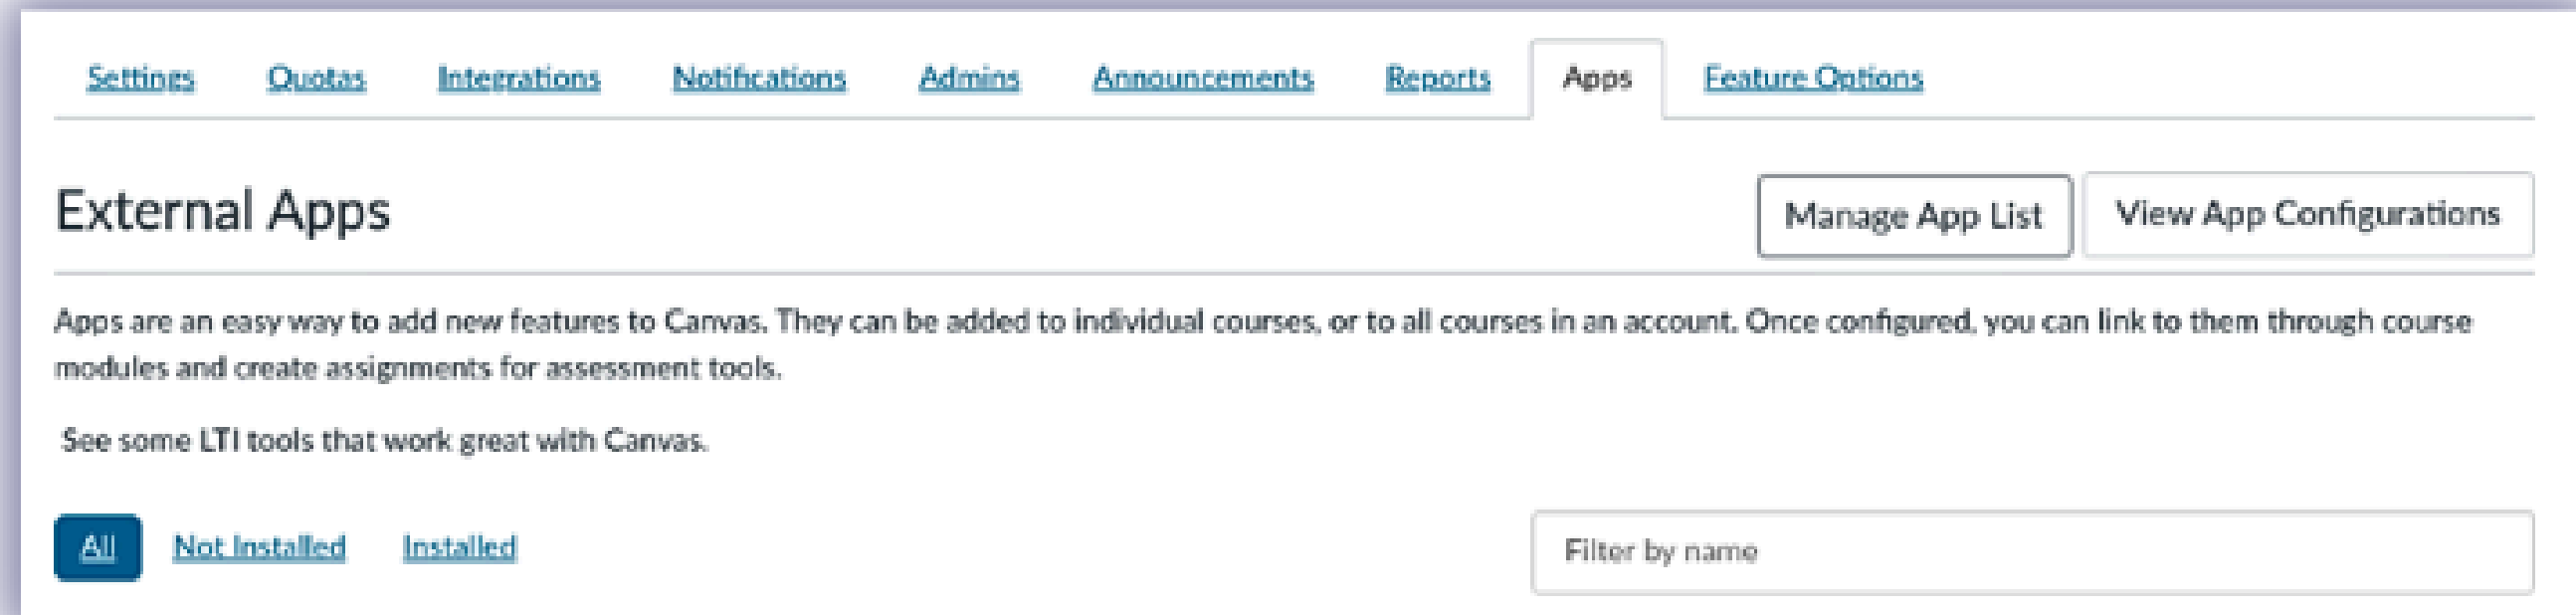

<a href="#">Grading</a>	
<a href="#">Question Banks</a>	
<a href="#">Sub-Accounts</a>	Default Tim
<a href="#">Terms</a>	
<a href="#">Authentication</a>	
<a href="#">Themes</a>	
<a href="#">Developer Keys</a>	Allow Self-E
<a href="#">Admin Tools</a>	Trusted HTT
<a href="#">ePortfolio Moderation</a>	
<a href="#">Settings</a>	Default View

## STEP 1

Go to the administrator panel or course panel. Click to the button "Settings".

## STEP 2

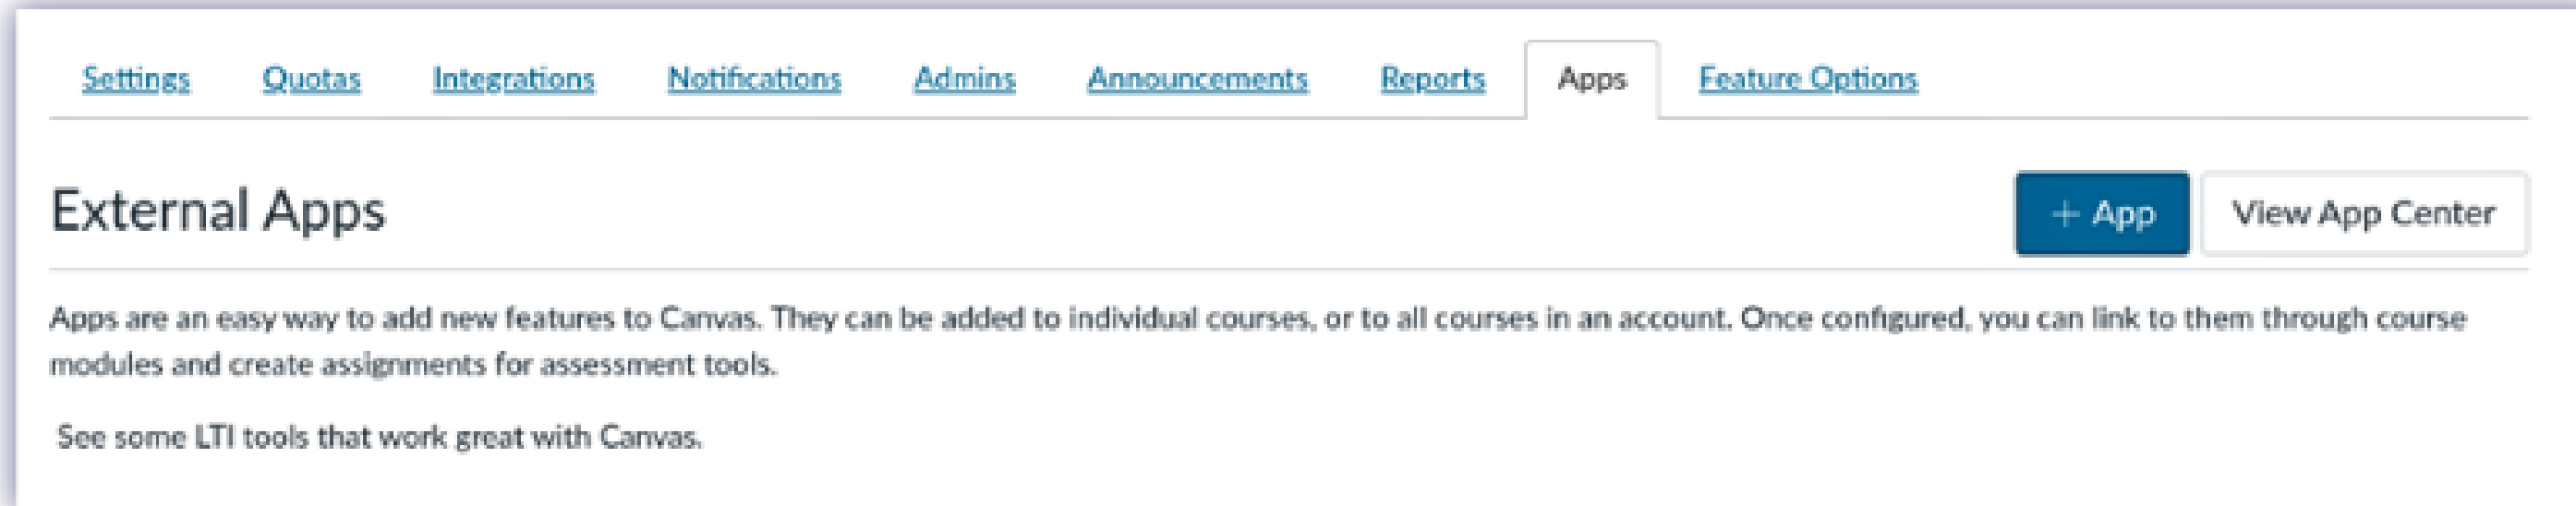

The Settings page will be appeared. Here on the top, there is an item "Apps". Click on it. After opening the page, click on the "View App Configurations" button.

The screenshot shows the 'External Apps' page in the Canvas administrator interface. At the top, there is a navigation menu with tabs for Settings, Quotas, Integrations, Notifications, Admins, Announcements, Reports, Apps (which is currently selected), and Feature Options. Below the navigation, the page title 'External Apps' is displayed on the left, and two buttons, 'Manage App List' and 'View App Configurations', are on the right. A descriptive paragraph explains that apps are used to add new features to Canvas and can be added to individual courses or all courses in an account. Below this, there is a section for LTI tools. At the bottom left, there are filter buttons for 'All' (selected), 'Not Installed', and 'Installed'. At the bottom right, there is a search box labeled 'Filter by name'.

## STEP 3

On page "External Apps", click to the button "+ App".

## STEP 4

In the modal window "Add App", select "By LTI 2 Registration URL" in the field "Configuration type". Enter the registration url - [https://lti.strikeplagiarism.com/plagiarism\\_framework/lti2/registration](https://lti.strikeplagiarism.com/plagiarism_framework/lti2/registration) and click "Launch Registration Tool"

## STEP 5

Select Strikeplagiarism platform

Add App ×

---

Select LTI platform

StrikePlagiarism.com  
Type: Canvas LMS  
Verified:  Yes

## STEP 6

Enable Plagiarism Review

Add App

---

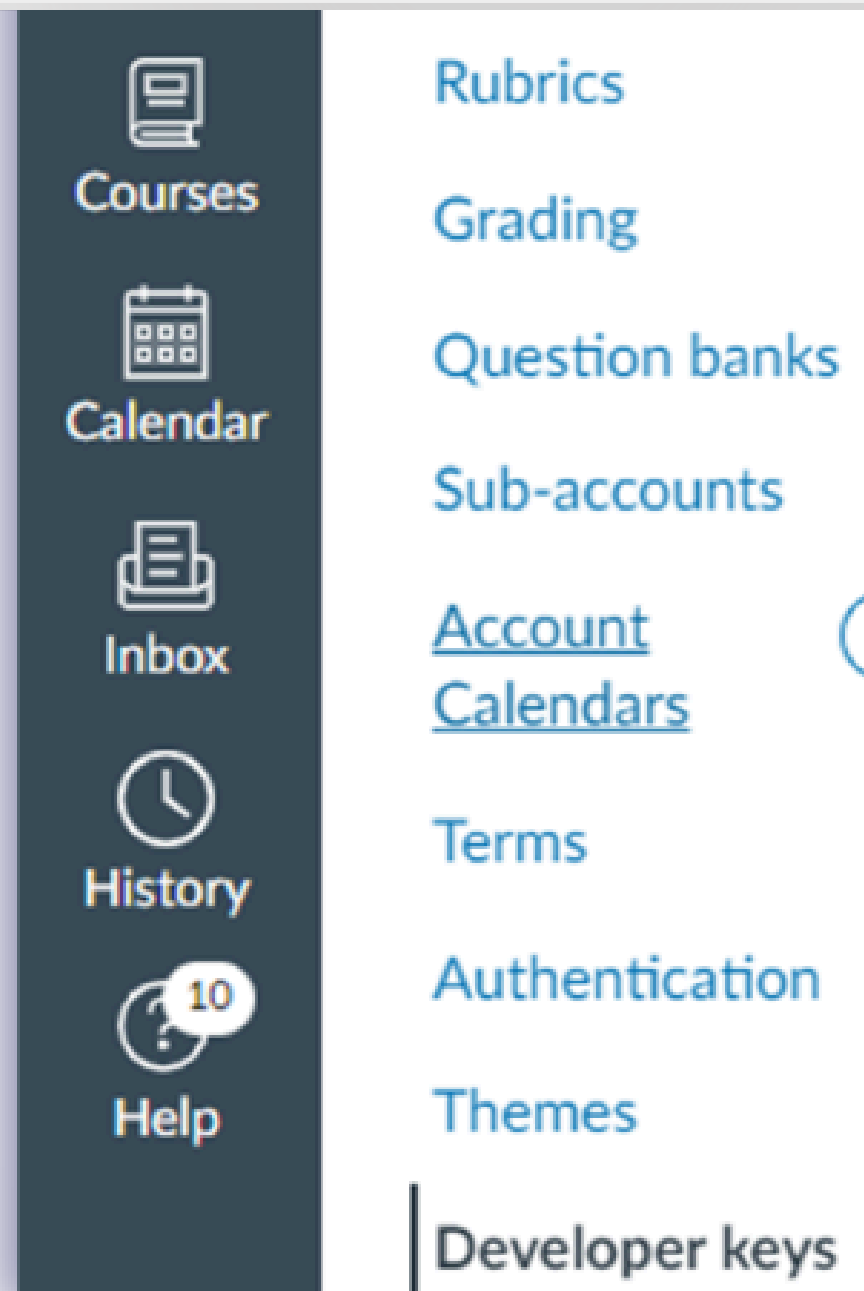

StrikePlagiarism Plagiarism Review has been successfully installed but has not yet been enabled.

Would you like to enable this app?

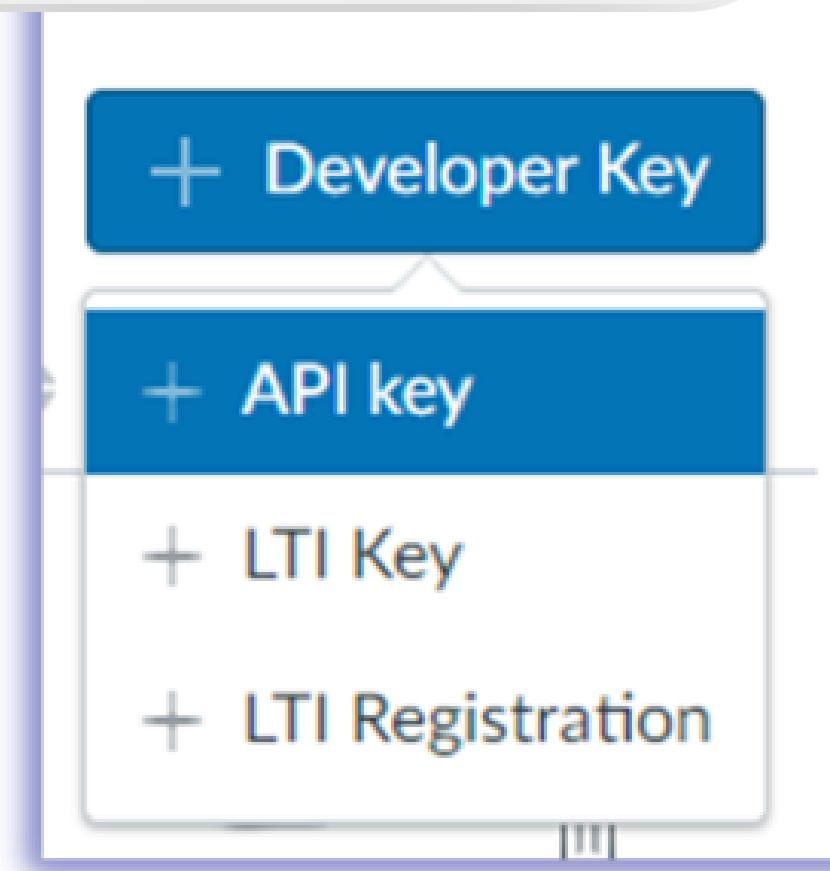

**How to enable quiz/discussion check?**

1. Click Admin on the left navigation bar and then select Developer Keys

2. Create new API key

# Key settings

Key name:

StrikePlagiarism Quiz

Enforce Scopes

Owner email:

Redirect URIs:

https://lti.strikeplagiarism.com/oauth/redirect/

### 3. Enable API key

Type	State	Actions

### 4. Copy and save the client\_id. Under the client\_id, click on the Show key button and also save its value.

StrikePlagiarism Quiz	No email	212960000000000262 <a href="#">Show key</a>	Access Token Count: 0 Created: 25 Jun at 22:58 Last Used: Never	
-----------------------	----------	--	---	--

5. Go to <https://lti.strikeplagiarism.com/admin/>

After login choose LTI platform and select the one that is assigned to you

Select the **Canvas LMS Settings** tab.

The screenshot shows the admin interface for StrikePlagiarism.com. At the top, there are several tabs: "General", "LTI Configuration", "Plagiarism Detection Configuration", "Deployment ID List", "Canvas LMS Settings" (which is highlighted), and "Brightspace Settings". Below the tabs, the page title is "Plagiat Canvas: Canvas Settings". There are two input fields: "OAuth 2.0 Client ID" and "OAuth 2.0 Client Secret". Below these fields is a "Sign in Canvas LMS" button with a "Sign In" label.

6. Paste the previously copied values, then press **Save and continue editing**.

7. Press the blue **Sign in** button. You should see that the other values have been completed. **Press the Save button** to save your changes.
